Forecast For West Midlands
Issued by Met Office Exeter
at 0400 on Thursday 23 Sep 2021

++ Valid for broadcast between 0600 and 1800

Headline:
A dry afternoon with warm sunshine. Staying dry overnight.

Today:
A cloudy start across the region with, perhaps, a little light rain in the west. Cloud soon clearing to sunny spells, these becoming widespread by the afternoon. Feeling rather warm in the sunshine. Breezy at times. Maximum temperature 22 deg C (72 deg F).

Tonight:
Staying dry through the evening and overnight with largely clear skies. A cooler night than of late across the region. Perhaps a little breezy at times. Minimum temperature 9 deg C (48 deg F).

Friday:
Dry and largely cloudy for most, with some sunny spells developing during the day. Staying dry overnight with clear skies and a risk of fog patches through the early hours. Maximum temperature 23 deg C (73 deg F).

Outlook for Saturday to Monday:
Often cloudy with scattered showers and sunny spells during the weekend. Outbreaks of rain, heavy at times, cross the region on Sunday night and continuing into Monday. Feeling warm.
